gas clip technologies

Portable gas detectors you can count on

NEW 4 GAS DETECTOR with 2 YEAR RUN TIME
Gas Detection Made Simple

Introducing
Multi Gas Clip SIMPLE

No charging ever! No calibration needed!

Detects H_2S, CO, O_2 & combustible gases (LEL)

Save time never having to charge or service your portable multi-gas detector!
Reliably test for H_2S, CO, O_2 & combustible gases (LEL) with this simple-to-use & simple-to-maintain detector. Just turn it on & have worry free assurance of protection against toxic gases 24/7 for two full years. Features: Durable - Ergonomic - Simple One Button Operation - Works in oxygen enriched and oxygen deficient environments - LEL sensor is immune to H2S & silicone poison - Assembled in USA - Compatible with MGC Simple Dock or MGC Simple Wall Mount Dock.

Gas Clip Technologies' continued development and refinement of advanced low-power photometric infrared technology for LEL measurement helps make gas detection simpler than ever in the newest member of their gas detector family - the **Multi Gas Clip Simple**.

No charging ever. No calibrating needed. No Maintenance. It's SIMPLE!
